“ *Eddie and the Howington Family:  
Although I did not have the privilege to meet Mr. Tom Howington, I do know and work with his Son Eddie at AT&T who is a remarkable person in his own right, and such a great reflection on the legacy Mr. Howington created. I too have a Father at almost 90 years old in this "greatest generation" who served in WWII - I find it humbling to write this on Veteran's Day - let me just say Thank You to Mr. Howington for his incredible service to this Country and in such an incredible way (being a key part of D-Day). My thoughts and prayers are with all of the Howington Family - I wish you strength to get through this difficult time and hope that you'll use it to remember all the great things this Patriarch made possible.*
