“ *Just wanted to tell you again how much we love you both and how much we will miss Frances also. She fought a very good fight, and with you by her side every minute of the fight I believe it made her fight easier because your love and Gods love carried her through the treatments she has been through. I am very honored to have had the chance to care for Frances and get to know you both, as more than acquaintances, but as good friends. God Bless you and your family.*
