“ *Frank & Mike,*

We live in Texas at Toledo Bend now. I just heard about Hilton this morning. I had tried to get with Hilton many times over the past few years, but could not catch him at the house when I was passing through town. Conrad Anderson called this morning to tell me about the funeral. Had I known yesterday we would have been there today for the funeral. He and I had some good times over the years. I will never forget our life with the air machines. Verna convinced me to hire Hilton to get him out from under her feet. I did and never regreted it. It was an exciting time. He was a good friend for a long time. I will miss him.

We are truly sorry for your loss.
