“ Barry,

My heart and prayers go to you and all of Lorretta's family. On a visit to your home recently, I observed a close knit family playing cards, spending time at the pool, and also enjoying a wonderful BBQ prepared by you, her companion. We were well received and invited to stay and dine, but after a brief trip to the camp y'all were remodeling and looking so forward to enjoy, we opted to leave you all to enjoy yourselves.

Barry, I know her untimely death is a tragic loss for you. I remember your sorrow and concerns for her and the kids when her illness was discovered. The many hours and late nights we spent on the phone discussing your desires to be the example of what she wanted and expected of you are a tribute to your love and dedication to her and the family. Your endless love for her was very obvious.

Her pride in you, as well as her love for you and her family was expressed as she told Janis and I of all the wonderful improvements you had made around the family property for the enjoyment of all who came. You all must hold strong and steadfast remembering her love and wishes for all of you, and continue to live your lives as an example of her character.

Her leaving in this untimely manner is only known by the Great Creator.

*God bless you all,
Jim Robertson*
