“ We had some really great times growing up on Azalea and Camellia st. As Robin said we played,ride bikes, built club houses out of what we found outside, fought, got spankings, loved, laughed, got red bugs, we had a great childhood in the neighborhood. Back then if you did something wrong, you might get two or three whooping from several parents in the neighborhood. We were all tom-boys and Mona could hold her ground so to speak. It was a great time that I will remember always.

“ I'm just heartbroken about my old friend, Mona. We grew up living across the street from each other.....been friends since about age 4 or 5. Our whole gang ran that neighborhood all day every day. My earliest memory of her was when we were very young. We had gotten very sunburnt and our parents let us run around in just our panties. We ran back and forth between our houses all the time. And we had a sandbox in our backyard that she and I and my sister, Judy, played in. As we got older we would walk or ride our bikes around the block and we used to make what we called clubs in the field of grass by the old railroad trellis....we would stomp the grass down in circles and make trails between the circles from one "club" to the other. Mona was a constant at the Mulvihill house along with so many others. I'll never forget her. She was always so much fun to be around! RIP, my dear friend. I'll cherish all my memories of you forever.

I can remember all that too! We had some good times in the neighborhood. We loved, fought, made up, laughed, cried, got spankings, crawfished at the trestle, ride bikes, built bikes, fun times to always treasure.

Remember "stealing" Mrs. Swan's little aluminum boat when it rained and riding down the back ditch! The trestle, crawfishing, playing baseball in the middle yard! Great times! RIP

I remember one year for Christmas Mona got a unicycle and my dad, Ralph Hogue, bet her she couldn't ride it. Of course knowing Mona, she was riding that thing by the end of a couple days! When she set her mind to something, that's all there was to it. Lots of memories of Mona and the neighborhood, good times! I will miss running into her around town! Find comfort in knowing that she lived life to the fullest and that we will all meet again. May God comfort Donnie, her girls and grandchildren; who were her most precious things on earth!!
