“ *I just remember how me slater and chevy would always ride around all through the night. But one thing ill never forget was riding aroud listening to bottoms up by brentley gilbert and had no clue where we was heading we was just riding around. Im going to miss my best friend. Ill never forget when i girst met him walking into my dads living room and see him on the couch . That crooked smile always had me smiling even when i left and went to baton rouge he would still text me and ask how im doing and was always reminding me of the night we haf a riad block for us bc we was going over a hundred around the curb. He was a ftiend to everyone and had a big heart. He was loved by many. And will be missed dearly. We all love u Slater blade smith and u will always be in our hearts.*
